SANDEEP MANDAL

Full Stack Java Developer | React.js · Spring Boot · PostgreSQL

+91 7079483965 | sandeepmandal1779@gmail.com | linkedin.com/in/sandeepmandal10 | github.com/sandeepmandal-dev | India

SUMMARY

Full Stack Java Developer with hands-on experience building backend services using Spring Boot, Spring Security, Hibernate, and PostgreSQL, and frontend interfaces using React.js. Experienced in designing RESTful APIs, implementing JWT-based authentication, and building complete end-to-end applications from database to UI. Strong foundation in OOP, Data Structures & Algorithms (230+ problems solved), and REST API design principles. Currently expanding into microservices architecture, Kafka, and Kubernetes. Seeking a Full Stack Developer / Software Engineer role to build scalable, well-engineered products.

TECHNICAL SKILLS

Languages: Java, SQL, JavaScript
Backend: Spring Boot, Spring Security, Spring Data JPA, Hibernate, REST APIs, JWT Authentication
Frontend: React.js, HTML5, CSS3, React Router, Context API
Databases: PostgreSQL, MySQL
Tools & Platforms: Git, GitHub, Docker, Maven, Postman, Swagger/OpenAPI, Linux
Core Java: OOP, Collections Framework, JDBC, Exception Handling, Multithreading, Design Patterns
Currently Learning: Microservices Architecture, Apache Kafka, Kubernetes

WORK EXPERIENCE

Associate Software Engineer — Cavisson Systems **May 2025 – Dec 2025**
Noida, India

- Developed and maintained backend modules for NetStorm, an enterprise APM platform, using Java and Spring Boot.
- Designed and enhanced RESTful APIs for monitoring, configuration, and system management functionality; wrote and optimized PostgreSQL queries to improve data retrieval performance.
- Identified and resolved application bugs reported by QA teams and end users, improving system stability.
- Used Swagger/OpenAPI and Postman for API documentation and testing; collaborated using Git and Docker for containerized deployments.

Java Full Stack Trainee — Wipro TalentNext **May 2024 – Sep 2024**

- Completed the Wipro TalentNext Digital Skills Readiness Program in Java Full Stack Development.
- Built and tested RESTful APIs using Java, Spring Boot, and Postman across an end-to-end full-stack project; performed CRUD operations and database management using SQL/MySQL.

Web Development Intern — YHills (with E-Cell, IIT Hyderabad) **Jun 2023 – Jul 2023**

- Developed responsive web pages using HTML, CSS, and JavaScript through project-based learning.

PROJECTS

Blog Management System — Full Stack
Java, Spring Boot, Spring Security, JWT, React.js, React Router, PostgreSQL, Hibernate/JPA, Maven, Lombok

- Built a full-stack blogging platform with JWT-based authentication and role-based access control (ADMIN/USER/READER).
- Designed 15+ REST endpoints with DTO pattern covering post, comment, category, and tag management, using many-to-many and many-to-one JPA/Hibernate relationships.
- Developed a React.js frontend with React Router for navigation and Context API for global auth state; secured passwords with BCrypt and enforced ownership-based access control.

Employee Management System — Full Stack
Java, Spring Boot, Spring Data JPA, Hibernate, React.js, PostgreSQL, REST API

- Developed full CRUD REST APIs for employee records using Spring Data JPA and Hibernate, with server-side validation and centralized exception handling.
- Built a React.js frontend with a dynamic, editable table UI supporting inline edit/delete; tested endpoints using Postman.

EDUCATION

GIET University Gunupur — B.Tech, Computer Engineering (GPA: 7.5/10) 2021 – 2025
Class 12th, JAC Board (66.2%) 2018 – 2020
Class 10th, JAC Board (83.8%) 2017 – 2018

CERTIFICATIONS

- Wipro TalentNext – Java Full Stack Development Program
- Introduction to Problem Solving & Programming
- C Programming Certification

ACHIEVEMENTS

- Solved 230+ Data Structures & Algorithms problems across coding platforms
- Runner-up, National Level Futsal Tournament, Ahmedabad
- 1st Place, Football Tournament, GIET University
